Discover new uses for old synth sounds. You can choose to get all of the packs as a collection (7 for \$49.95 or 15 for \$79.95) or choose some and get other packs at a discount. The packs were created using the Saffire Pro 6 synth and the full line up is available on VST, AU and DXi formats. The packs were created by the manufacturer, designers, producers and studio owners from all over the world. See the full list of packs available on the Ableton website. Pack Details: Aviary is a collection of high quality instruments, effects and one-shots to add depth and variety to your production. This pack includes 44 audio units and 18 soft synths for you to sculpt your sound with. The units come with over 35 presets for quick use and a full set of controls and articulation to ensure that you can get exactly what you need. The synth sections include the analogue mono, stereo, phaser and chorus unit, adding a rich sound to your mix. Combine this with a wide range of effects such as delay, reverb, filter, echo and more to really spice things up. The samples and presets come from some of the most well known electronic artists such as Nine Inch Nails, Daft Punk, Justice and more. Add a whole new dimension to your mixes with this ready to use collection of drum sounds. Delivered as a live set in 7GB of WAV, MIDI and REX2 files. This collection of percussion will take your drumming game to the next level. In this pack you will find all the basics. From one hits to fillers to preset melodic ideas. There is a whole host of drums including full kick, snare, hi-hats, ride, and more. They come in a wide range of styles including Techno, Hip Hop, Funk, Rock, House, R&B and more. The pack also contains 12 different drum triggers, each with fully assignable on/off and velocity to make sure you can easily switch between styles. If you are into synth sounds or drum beats then this pack is exactly what you are looking for. With the included content and ease of use there is no reason not to start producing today! This pack of synth sounds will give you a blast of 90s Techno right into your mix. Bringing you those familiar sounds of the
